

Who We Are

The Roselle Preschool is a program specifically established to provide inclusive educational opportunities to preschool age children with and without disabilities residing in Roselle.

The program is comprised with 4 integrated classrooms that include children with different abilities and one self-contained classroom for children with disabilities only.

For those children with a suspected disability, a thorough assessment of the students' abilities and needs is conducted and, when appropriate, an Individual Educational Program (IEP) is prepared by the child study team in cooperation with the student's parents.

It is our goal to create an environment where children can feel accepted and secure. We work together to offer our students opportunities for academic and personal growth and success. Throughout the year, our students are exposed to a variety of interesting experiences designed to enhance curiosity, encourage creativity and promote problem solving.
